## Classroom Discussion Questions:

1. Can you name two arts-based resources in your community? Have you participated in the arts in any capacity?
2. What benefit does art bring to our daily lives?
3. Open your social media app of choice. Scroll through and list any community organizations you follow. Then look at the people you follow. Outside of celebrity, which of these people participate in the arts?

4. Find out if your area has an art museum, access to community theater, dance/singing classes, painting classes, or any other arts-based activity. Look at their social media presence. Is it impactful? Would you be able to make a decision about attending based on what you saw?
